## Need Your Input

Hello Beloved Family,

As we say farewell to summer 2015, I hope you were able to relax, enjoy and take some well deserved time off. Now get ready for some more fun the type of fun that will require a little bit of work, just a bit lol!. It's time to properly document the genealogy of Robert and Daisy (RDS) descendants. This is a huge project but with everyone's input, patience and most of all consent, we can get it done.

What's needed is your input, your full name (maiden and married), date of birth, place of birth, a scan picture of yourself (if you have one), your father's name (DOB/POB), and mother's name (DOB/POB). Use the example below to trace either your father's or mother's lineage to Robert & Daisy Shelton. Also, list your children, grandchildren, great-grandchildren, etc... This will help gauge how many generations from RDS exist.

Currently, there are 5 (possible 6 or 7) generations of Robert & Daisy Shelton descendants. Most of us are 4<sup>th</sup>, 3<sup>rd</sup> and 2<sup>nd</sup> generations but place yourself accordingly. To make things simple, **please list both of your parents but only trace the parent that has lineage to RDS**. Also list which **\*Direct Heirs** you were born from. You do not have to use example below, you can simply list you and your children's lineage to RDS.

Robert & Daisy Shelton (Father Side) \*Direct Heirs Great-Grandmother/Great-Grandfather (DOB/POB) Grandmother/Grandfather (DOB/POB) Father (DOB/POB) You (DOB/POB) Mom (DOB/POB) Grandmother/ Grandfather (DOB/POB) Great-Grandmother/Great-Grandfather (DOB/POB) \*Direct Heirs Robert & Daisy Shelton (Mother Side)

\*(Ethel "Sis" Green, Mazzie Shelton-Smith, Ruby Shelton, Edna Tucker, James "Doc" Shelton, Arthur "Buck" Shelton, Thelma Johnson, Daisy "Dee" Lewis)
